### **TRAFFIC SAFETY**

Dear Parents,

As we are excited with the anticipation of our new parish center, it does come with some minor short-falls, specifically parking and traffic flow. As you are aware from the October 12 notice, our morning drop-off zone has been repositioned to the front of the school and, thus far, this adjustment has been well received. We are facing a challenging task to accommodate parents for after school pick-up as the traffic congestion in the back parking lot after school is posing some serious safety concerns for our children, and the added risk of vehicle collisions.

We understand that there is no perfect solution, and we are limited with our options. Please see the map and protocols on the reverse side. These protocols must be followed to ensure the safety of our children; everyone needs to be a little more diligent and cautious when in the parking lots over the next while.

Thank you in advance for your patience and understanding.

**Sincerely in Christ,**
